## Freedom for Slaves of Drink.

Here is our challenge: Bring us the worst case of alcoholism you can find-even to delivium-tremens, if you please, and we will break the craving for alcohol in six to twenty-four hours. The patient will eat and sleep normally in three to five days, and in a few days more his nervous system will be in normal condition and will have no craving for whiskey—this is guaranteed in every case. We employ no hypodermics, do not interfere with the patient's occupation, and assure every applicant absolute privacy and secrecy. Ten years of success are back of our claims. Drug habits cured by same treatment. No failures.
